

FireBox® Rechargeable Lantern

Specific lighting needs require specific tools. With the right lighting tool, you can identify potential or existing problems before they interrupt your ability to get the job done. In addition the costs savings of using the right tool over time will benefit your bottom line.

There is a real need to cut costs wherever possible, yet we cannot afford to forget about environmental issues. Streamlight rechargeable lighting tools make good economic environmental sense. Over time they cost significantly less to operate; and they reduce the amount of batteries used, thereby relieving the problem of battery disposal. With Streamlight rechargeable flashlights, your plant will not only save on the cost of batteries, you'll save the time that's wasted when you discover your light isn't working and the steps involved in getting and replacing batteries. More powerful and more economical, Streamlight rechargeable lighting tools pack a lot of power, are very dependable and cost-efficient.

The revolutionary FireBox is one of the most important firefighting tools to come along in years. It has bright blue taillight LEDs so your partners can see you even through thick smoke. It also has a 90° swivel neck so you can see in any direction. You can set it on its base, aim the bright light and still use the rear LEDs. The high-intensity halogen bi-pin bulb 8 watt spot provides a super-bright searchlight of up to 80,000 candela peak beam intensity. Plus you get an exceptionally long run time – up to 9 hrs. on a single charge.
